61 Participants 20 Girls 41 Boys

February was not terribly warm; but, participation surged at TBS none-the-less. TV, video and computer games have all been done; it's time to get back at it whether the weather agrees or not. Riders have surpassed both January & February 2007 miles. Our sights are now set on 10,000 miles for a 2008 total! As the photos show, it was largely a younger wave that laid siege to the Shop. These are the teens of the next five years laying the foundation for healthy active adolescence. This is The Bike Shop.
