CCCP passes the bucks – and the popsicles – at the Community Ride!

184 Participants 51 Girls 133 Boys

The rain rain went away and in the end left us with a beautiful day for the TBS Community Ride. The fifty mile loop included a refreshing shower; and, all three loops had TBS participants sporting their orange shirts. Thanks go out to all those who rode and volunteered. While planning for the event kept us busy, the rest of the month saw plenty of activity as well. 184 participants made use of the Shop; and, a hill-climb race welcomed in summer. While no new records were set, a great deal of energy was expended in healthy good-spirited fun. “Youth in Gear” as our motto goes.

Recycle to Cycle

Your beverage containers can help support TBS. Just drop them off at East-End Redemption on inner Washington! Label your bags “The Bike Shop” and you don't need to sticky around at all. Those nickles add up to take us to new places.
