Older Riders react to the season's first ride to (and dip in?) Sebago.

199 Participants 60 Girls 139 Boys

No doubt about it, May was a great month for cycling. 199 participants set an all-time single-month record for Shop use (YIKES!) Older riders began stretching their legs on longer rides in May; while, our Younger group collectively contributed the most distance. Donations of tents and camping equipment are assuring that we'll be getting out of the city for events and over-nights. The children who have grown up with the Shop eagerly look forward to their eighth birthdays when they can begin attending weekend rides. These active Bike Shop children will be tomorrow's healthy forward-looking young adults.

2nd annual Community Ride & Portland Bike Expo

We are nearly there! June 29th is the date for the Community Ride and Bike Expo. With 50, 25 and 4.5 mile routes there is something for everyone. Plus! see the 2008 bikes showcased by area shops and meet Portland's riding clubs as they showcase their rides. Register on-line today for this great event and save five dollars. Check it out on-line at www.thebikeshop1.org.
