Recent tricycle fun for kids who thought they had outgrown it!

December rides filled out the year with miles logged, chess played, & general good health and enjoyment. The Green Machine pictured above continues to entertain Shop participants in our parking lot. If we find another, we will be able to stage three wheeled races! As the Shop becomes more and more a part of the Sterling drive neighborhood, it is taking on a larger role – that of a safe place to hang out. To this end we are looking for two basketball standards of the type pictured at left. If you or someone you know has an unused hoop, why not donate it?

TBS is currently looking for :
Basketball hoops & a 2nd Green Machine
