The bikes keep rolling out the door and as per usual, disproportionately going to girls!

48 Participants 8 Girls 40 Boys

July was the first full month of summer vacation. While participation was hampered by the closing of Northwest Avenue, when the road opened, children and teens flooded back! The end of the month saw the *Tour de Whatcom*, an event which made a significant contribution to the Shop's annual budget. Thanks go out to all who participated, organized and contributed to a great event! Meanwhile, the bell-curve at left shows that we caught the interest of the pre- and early teens – just the kids we want to get into cycling. And while female participation was slim, those girls refurbished, tuned, and repaired their bikes.
