Moving up to a bike with multiple gears!

June 2011

32 Participants 10 Girls 22 Boys

Bellingham is hands-down the healthiest community in which I've worked with kids and bikes. I've been surprised at the low number of bike thefts experienced by our participants. Because the kids of this northside neighborhood have held onto their bikes we have been able to open the Shop to children and youth county-wide for whom it would otherwise be difficult to obtain or maintain a bike. Trading back last year's bikes for something a little bigger, a little newer, a little faster has become the main interest of our regulars some of whom come in every week if not every day!

Tour de Whatcom team registration!

Perhaps you've already been riding as a group, workplace or otherwise or you might like to start. Teams of riders can now register to compete to see which team can ride the most miles on a beautiful tour of Whatcom county!
